Members of the Publishers' Press.—The latest telegraphic news from all parts of the world are received by the Daily Times up to the hour of going to press.

Frank E. Langley, Publisher.

FRIDAY, OCTOBER 27, 1905.

The average daily circulation of the Barre Daily Times for the week ending Saturday was

3,762

copies, the largest paid circulation of any daily paper in this section.

The Boston American says that cows laid out the streets of Boston. The same animals located most of Barre's streets and man simply followed them.

"Be good and go home" was the advice which President Roosevelt gave the surging crowd at New Orleans when it became so turbulent that speaking was an impossibility. Roosevelt should have rung the curfew.

And now the autumn bride advances to the altar, looking "charming, dressed in white silk crepe de chine" over some other cloth, trimmed with such and such fabric, with a cut called "en trainee", a "beautiful creation in white", fastened with valley lilies, surmounting the well-poised head. What a picture of blushing loveliness!

William Travers Jerome appears to be about the only issue in the stirring political campaign which is now clutching New York county. Mr. Jerome, as most everybody knows, is district attorney (He really is), and wants the position for another term. The Republicans turned him down on their ticket and the Democrats nominated James W. Osborne. Nothing daunted, as usual, Jerome affixed himself to the fight as an independent candidate, and as such has been waging a vigorous and effective campaign. Jerome has been rallying thousands to his support through the virility of his personality and his method of doing business. People and newspapers have been deciding to bolt their party's ticket just to vote for Jerome. He has been framed in poetry and prose so many times that Jerome is a household name in New York. The pressure became so strong that Charles A. Flammer, the Republican candidate for district attorney, has now given way and withdrawn from the fight. This withdrawal is hailed by the Jerome-ites as an augur of victory. We hope so. There is no reason for turning Jerome out of office at this time, any more than there is for turning out Mayor McClellan.

DEER HUNTING SEASON ENDS TOMORROW (SATURDAY).

State Commissioner Thomas calls our attention to the fact, in relation to the apparent inconsistency in the deer hunting laws, that the six day open season law was adopted one day after the law permitting a ten days' open season. The latter law was approved by Governor Bell on December 9, 1904, and the "six day" law was approved one day later. This last enactment bears the clause "All acts or parts of acts inconsistent with this act are hereby repealed", so that the "ten day" act was nullified with the passage of the more recent law. Both laws are printed in the resume of the session of 1904, and the order would seem to indicate that the enactment allowing an open season of ten days was the more recent of the two. However, the record, as Commissioner Thomas points out, gives the six day law as the more recent. Hunters, therefore, will bear in mind that they will be permitted to kill deer in Vermont only during the last full week in October, and that this year the open season ends tomorrow, October 28, at midnight. Let there be no mistake.

MADE RAPID TIME.

Harriman's Special Crossed Continent in 73 Hours.

New York, Oct. 27.—The E. H. Harriman special train with Miss Alice Roosevelt on board arrived in Jersey City over the Erie railroad last night at 7.45 o'clock. Mr. Harriman and the members of his family left the train at Arden, N. Y., where Mr. Harriman's country place is located. The only members of the original Taft party who came through on the train were Miss Roosevelt and her traveling companions, Misses Boardman and McMillan, and Congressman Gillette of Massachusetts and J. C. McKnight.

The party left San Francisco at 3.30 o'clock Monday afternoon and arrived in Jersey City at 7.45 last evening, which, deducting three hours for the difference in time, makes the actual time 73 hours and 15 minutes. In going to the Pacific coast the Taft party made the trip on a special train in about four days.

Miss Roosevelt and her special party left the Taft party after the tour of the Philippines and visited Pekin and other Chinese cities, Korea and Japan, being received by royalty in all three of these countries.

The Harriman special, on which the party returned, consisted of Mr. Harriman's private car, a diner, and a sleeping car.

Our community is sorry to lose from our midst H. G. Townsend who expects to find employment elsewhere. The following from the pen of our Journal scribe: "Harry Townsend, foreman on the local section of the Montpelier and Wells River railroad, terminated his labors in that capacity Friday, after serving a brief verbal notice on the roadmaster near the local station. When the men, who have been serving under Mr. Townsend learned of his action, they called for a bill of time and have not returned to the work. Roadmaster Dodge tendered the foreman position to Henry Blake but it was declined with thanks. The feeling among the men seems to me a unanimous one concerning the unreasonable demands lately made of them by the roadmaster. At this writing the section is without a foreman or force of men.

RUN ON TRENTON BANK.

Less Than \$100,000, However, of \$3,000,000 Deposits Withdrawn.

Trenton, N. J., Oct. 27.—A run on the Trenton Trust and Safe Deposit company, which began here Wednesday in a mild way, reached such an extent yesterday that hundreds of depositors gathered around the bank waiting to draw their money. The institution was kept open until 6:00 p. m.

President Hugh Mills said this afternoon that there was no valid reason for the run, which is not expected to assume dangerous proportions. The amount thus far drawn out is less than \$100,000, out of a total of about \$300,000.

Not a success, however, financially, for us, but it keeps the interest of the old customers and brings new ones. Perhaps you've noticed it.
